Overview of proposals - Workshop

Raf De Vis

Proefstation voor de Groenteteelt

Preparation of the workshop

- Demand of AREFHL to host and prepare a workshop, summer 2015
- Organizing group of AREFHL and Agrolink-members:
 - AREFL: Jacques Dasque, Pauline Panegos, Laetitia Forget
 - Agrolink: Sylvia Burssens
 - PCH: Tom Van Delm, Ward Baets
 - PCG: Nathalie Cap, Saskia Buyssens
 - Inagro: Danny Callens
 - NPW: Christel Van Ceulebroeck
 - PSKW: Raf De Vis
- Support of Flanders for hosting and development of a website

News

25.01.16 - Invitation EUVRIN 01-02-2016 Brussels

FRESHFEL and AREFLH created in 2014 a European taskforce for research and innovation. This group of experts presented in 2015 a strategic agenda to the European Commission that focused on the priorities of research for the fruit and vegetable sector in the framework of Horizon 2020.

Website

- Website is online: <http://www.euvrin.eu/>
- Developed at Inagro
- Content to be included:
 - List of research institutes, with description of each institute
 - Documents of the working groups
 - Documents of the general management
 - Others results of this workshop

Call for participants - working groups

- + 40 institute descriptions: directory on website
- 74 participants of 52 research + 6 other institutes
- 34 propositions for working groups of 16 institutes
- 3 working group proposition can be withhold:
 - IPM
 - Fertilization and irrigation
 - Greenhouse production, low input agriculture
- 3 to be defined in a discussion/voting after this presentation
- 6 propositions of working groups and general management of EUVRIN to be worked out today during the workshop

Working Group IPM: 10

- Agroscope, Switzerland
 - Ute Vogler: IPM in high quality vegetables
 - Mathias Luts: Soil-borne pests and diseases
- Coexphal, Spain
 - Jan Van Der Blom, biological control, greenhouse
- DLR-LRP, Germany
 - Norbert Laun: IPM, monitoring and decision support
- Nationale Proeftuin Witloof, Belgium
 - Christel Van Ceulebroeck: monitoring, decision support
- Proefcentrum Hoogstraten, Belgium
 - Rob Moerkens: management of invasive pests and diseases

Working Group IPM: 10

- Warwick Crop Centre, UK
 - Rosemary Collier: IPM in outdoor vegetable crops
- Proefstation voor de Groenteteelt, Belgium
 - Lieve Wittemans: Pests and diseases in greenhouse fruit vegetables
 - Isabel Vandevelde: Soil-borne diseases in greenhouse leafy vegetables
 - Luc De Rooster: IPM strategies in outdoor vegetables

Working Group Fertilisation/Irrigation: 6

- Tecnova, Spain
 - Eduardo Pardo Martinez: Improve irrigation
 - Carolina Martines Gaitán: fertilization
- University of Almeria
 - Rodney Thompson: improving fertilizer management
 - Rodney Thompson: improving irrigation management
- Aarhus University, Denmark
 - Hanne Lakkenborg Kristensen: improving fertilizer management
- Proefstation voor de Groenteteelt, Belgium
 - Joris De Nies: nitrogen mineralisation in field vegetables

Working Group Greenhouse/Low Input: 5

- CTIFL, France
 - Eric Brajeul: greenhouse cultivation: techniques and management, energy sources and efficiency, physiology, plant material and breeding
- NIBIO, Norway
 - Michel Verheul: sustainable greenhouse production: energy, lighting, ecophysiology, modelling, monitoring, etc.
- WUR Glastuinbouw, Bleiswijk, The Netherlands
 - Sjaak Bakker: secure, clean and resource efficient production of healthy protected vegetables

Working Group Greenhouse/Low Input: 5

- Proefstation voor de Groenteteelt, Belgium
 - Lieve Wittemans:
 - Energy management in greenhouses,
 - Artificial lighting

Other propositions: vegetal material: 3

- University of Almeria, Spain
 - Rafael Lozano: vegetable breeding
- BOKU, Vienna, Austria
 - Anna Keutgen: increase health promoting compounds, genetic potential, preservation methods, quality in the chain
- Nationale Proeftuin Witloof, Belgium
 - Christel Van Ceulebroeck: Preservation of diversity

Other propositions: side streams: 2

- Nationale Proeftuin Witloof, Belgium
 - Christel Van Ceulebroeck: valorisation of side-streams of Brussels Endive
- Tecnova, Spain
 - Carolina Martinez Gaitán: use and valorisation of waste

Other propositions: organic: 2

- Proefcentrum Hoogstraten, Belgium
 - Rob Moerkens: organic substrate/hydroponic greenhouse production
- Aarhus University, Denmark
 - Hanne Lakkenborg Kristensen: organic horticulture

Other propositions: 1

- Lei Wageningen, The Netherlands
 - Nico van der Velden: Market and technology, value creation, greenhouse vegetables
- Food technology Research Unit, Entrecra, Italy
 - Tiziana Catteano: Quality index in post-harvest and processed products
- Proefstation voor de Groenteteelt, Belgium
 - Luc De Rooster: Precision agriculture
- Proefstation voor de Groenteteelt, Belgium
 - Luc De Rooster: asparagus

Workshop

- Discussion and voting on final 6 propositions
 - Define animator and secretary
 - General management: Luciano Trentini and Laetitia Forget are animator and secretary
- Round one: random groups
 - Animator and a secretary: **first proposition** (20 min) and **speed dating** (8 min) in 7 groups
 - All participants give input, make interest clear
- Round two: specialized groups
 - **Elaborate proposals** with the experts/interested people. Animator and a secretary idem
- Plenary: presentation of results

Workshop

- Discussion and voting on final 6 propositions
 - Vote for 3 propositions (not IPM, Fertilization, Greenhouse)
 - Animators recover the propositions
 - Organize in propositions groups
 - 3 most voted groups win
- Animator and secretary for each group
- Luciano Trentini and Laetitia Forget: general management.
