

PROEFCENTRUM HOOGSTRATEN

Centre name : Proefcentrum Hoogstraten

City : Meerle

Country: Belgium

Telephone: +32 (0) 33 15 70 52

Website: www.proefcentrum.be

Facebook page:

Name of the contact person: Tom Van Delm

Position:

Email: tom.vandelm@proefcentrum.be

The research programmes of your centre

Specie : Tomato

Person of contact for this programme : Rob Moerkens

Email : rob.moerkens@proefcentrum.be

Vegetal material	Technical itinerary	Integrated protection	Agrobiology	Other subjects
Variety trials (growth, productivity, quality, shelf-life,...)	Fertilization, irrigation, rootstocks, new technologies, cultivation techniques, energy efficiency, artificial lighting,...	IPM with focus on pest and predator balance and modelling by monitoring (Tuta absoluta, mites, whiteflies, PepinoMV, Agrobacterium,...) Control of diseases (Botrytis,...)	Fertilization, Residue free production	Ripening of tomatoes, water management and disinfection,...

The research programmes of your centre

Specie : Sweet Pepper

Person of contact for this programme : Rob Moerkens

Email : rob.moerkens@proefcentrum.be

Vegetal material	Technical itinerary	Integrated protection	Agrobiology	Other subjects
Variety trials (growth, productivity, quality, shelf-life,...)	Fertilization, irrigation, rootstocks, new technologies, cultivation techniques, energy efficiency,....	IPM with focus on pest and predator balance and modelling by monitoring (whiteflies, aphids,...) Control of diseases (Fusarium...)	Fertilization, Residue free production	Water management and disinfection,...

Current partnership with other research centres (national or international)

Specie : Tomato and/or Sweet peppers

Nature of the project: We are participating in different national and international projects within the framework of Interreg, EFRO, Horizon2020, Flemish Government,... with topics from integrated crop protection, monitoring and modeling pests and predators, artificial lighting, diseases, water efficiency and recycling, energy efficiency, fertilization, quality measurements and assessments, ripening of tomatoes,...

Length of the project: 2 to 4 years

Partner names and countries : Belgium, France, the Netherlands, Germany, Switzerland, Spain, UK,...

Are you searching for more European partnerships with other research centres?

On what species : Tomato and Sweet Peppers

What kind of projects are you searching for: On each of the topics mentioned, and all relevant topics for glasshouse tomato/sweet pepper growers, with collaboration/partners in other countries in Europe.

What kind of partners are you searching for? From which countries? All kind of partners to exchange experiences and to collaborate in the research in the field of the mentioned topics.
